

CHALLENGE HOMOPOPIA!

This man preaches that:

- Gays tend “towards intrinsic moral evil”
- Discrimination against LGBT people is “not unjust”
- Same-sex marriage is “insidious and dangerous”
- Ordaining women is a “grave crime” as they are unfit to preach the gospel
- Condoms could make the HIV epidemic worse

(For more details go to www.richmondlgbtforum.org.uk)

He is coming to the UK this month, visiting Scotland, London and Birmingham. We, the LGBT community of Richmond upon Thames, which he visits on 17th September, think his homophobic, transphobic and misogynistic views should be challenged.

We would like to demonstrate that we are not alone in this and show that **EVERY** member of the LGBT community in the UK challenges him too.
